

Product Name: XCITE RGB LED STRIP ACCESSORIES

General information

- This luminaire must be installed in accordance with the latest edition of the IET Wiring Regulations and local Building Regulation by a qualified competent person.
- The mains power supply must be turned off before inspection, installation or removal of the luminaire, ensuring that the supply is locked off to prevent inadvertently switching the supply on.
- It is the installer's responsibility to ensure that the installation is suitable for the total load of the luminaire(s). The supply cable fuses/circuit breakers must be correctly rated for the electrical load and taking into account for any transient inrush currents that may occur.
- It is the installer's responsibility to ensure that the environmental operating and storage conditions are complied with and that any fire risks are considered.
- Do not perform insulation strength or insulation resistance tests on the installation with the luminaire(s) connected, this can damage the luminaires and give erroneous readings.
- Do not loop-in supply cables at the luminaire supply terminals unless there is provision for 2-way connection at the terminals.
- The light source contained in this luminaire must only be replaced by TamLite Lighting or an appointed service agent.
- Emergency lighting luminaires must be installed and maintained in accordance with the emergency lighting standard BS 5266-1.
- To ensure that the product warranty remains valid, the luminaire must be installed and maintained in accordance with these installation instructions and the product must not be modified in any way.

Luminaires marked with this symbol must not be covered with thermally insulating material.

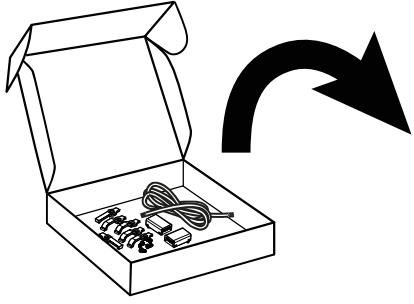

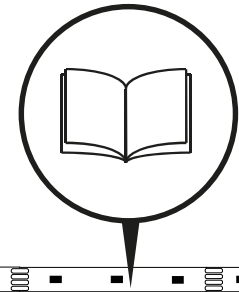

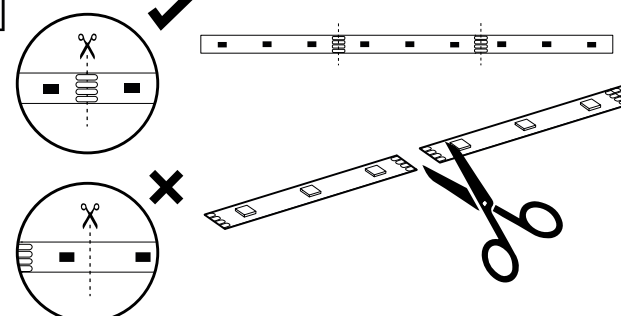

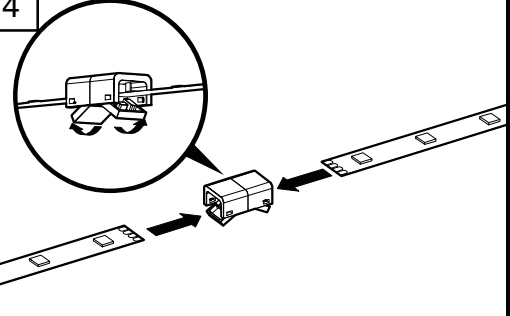

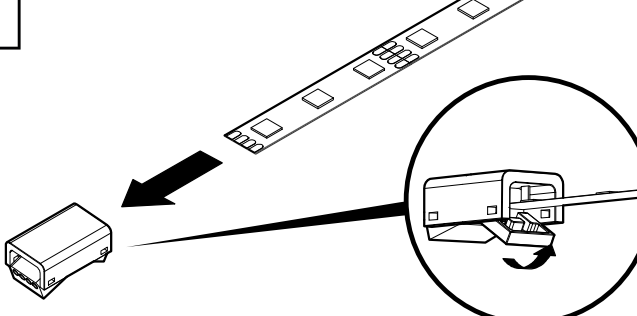

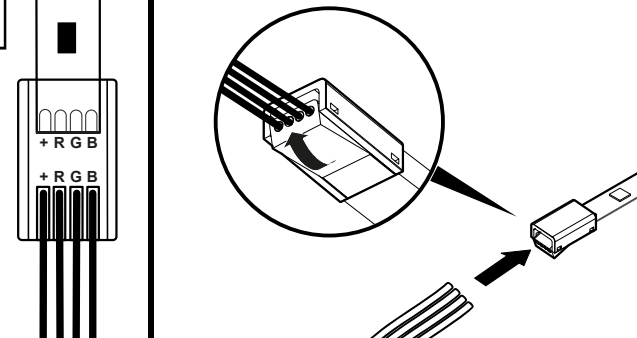

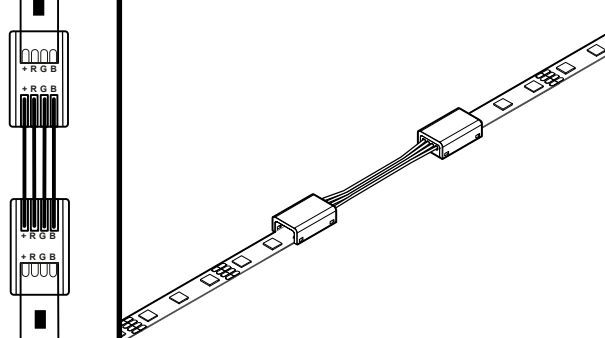

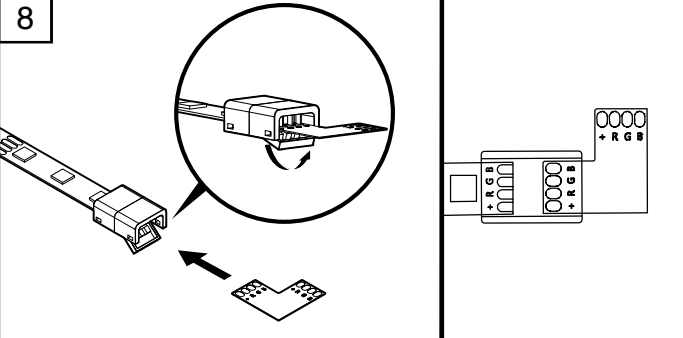

This symbol on covers over light sources indicates dangerous live parts do not operate the luminaire with this cover removed.

Dimensions

			XCSAPRGB			
A	IP20 mounting clip	x10				
B	IP65 mounting clip	x10				
C	4 pin strip to strip connector	x10				
D	4 pin strip to wire connector	x5				
E	4 pin L-type PCB connector	x4				
F	4 core wire	x1				
G	Clip screw	x20				

Product Name: XCITE RGB LED STRIP ACCESSORIES

<p>1</p>  <p>Remove the product from its packaging.</p>	<p>2</p>  <p>Refer to RGB LED strip installation instructions.</p>
<p>3</p>  <p>The strip can be cut to length at 50mm intervals at the indicated position.</p>	<p>4</p>  <p>The strip can be joined using strip to strip connectors.</p>
<p>5</p>  <p>The strip can be joined to wires using the strip to wire connectors.</p>	<p>6</p>  <p>Fully insert the wires and close the connector. Do not strip the wire insulation.</p>
<p>7</p>  <p>Another strip to wire connector can be used to make a flexible joint.</p>	<p>8</p>  <p>L type connectors can be used with strip to strip connectors to make 90° corners.</p>
